

Clinton Central Families:

New on-line payment option for families will be available beginning July 26, 2017.

The Clinton Central School Corporation is pleased to introduce a new program called ***e~Funds for Schools***. This program offers various options for parents/guardians who ***choose*** to make payments online and is extremely user friendly. Not only will you have the ability to have various school fees and lunch payments electronically withdrawn from your checking account or charged to your credit card, you also have the flexibility to make a payment at any time through the school's website. The ***e~Funds for Schools*** service is offered to you by a third party service provider, and they charge for processing your payment(s), similar to other online banking services. The district does not request or keep records of family checking or credit card account information.

The ***e~Funds for Schools*** electronic payment service is provided to the school by a third party service provider. The service provider has a nominal fee for their service. **There is a \$1.00 transaction convenience fee for each electronic checking payment that you make.** The system carries a Non-Sufficient Funds (NSF) charge if the payment is "bad." **For payments made by credit or debit card, there is a convenience fee of \$2.65 per each \$100 increment in the transaction.** When you set up your account, please review your options carefully.

You are in full control of your account and can make a payment at any time that is convenient for you. **No payments will be allowed without your knowledge and authorization through this secure payment system.** By providing your home and/or work email address, an email notification informing you of the student's name, purpose of the payment, and the amount of the item will be sent to you each time that a payment is to be processed. The ***e~Funds for Schools*** site is secure and uses industry standard data encryption.

When setting up your account for your family, you will need each child's STN number (Student Number) to add them to your account. You can find your student's number in Skyward, under Student Info (Other ID) and you will need to add a leading zero if your number starts with '9'. Please make sure each child's STN is 10 digits. In order to correctly add your child to your account, you will be required to enter their STN as well as last name.

How does e-Funds for Schools work?

- o Families set up and maintain their own logins, passwords, and payment preferences. Your account information is retained in a password-protected file.
- o ***e-Funds for Schools*** will help to eliminate last minute check writing hassles, improve efficiencies, and help cut costs for both you and the school district.
- o Online payments will help eliminate the worry that your children could lose or forget the money intended for school items or that it might be spent on other non-school related items.
- o Payments from a credit card or checking account may easily be set up.
- o Parents/guardians may establish a reoccurring payment or may opt to make a one-time payment.
- o The program offers various types of payment to families that include but are not limited to instructional materials, field trip fees, yearbook fees, graduation fees, and of course food service payments. The system may be expanded to include other fees as well.
- o Your payment history for the year is available with a click of the mouse.

If you have questions related to ***e-funds***, please contact them directly in reference to your online account. For registration questions, please note that the building secretaries will not be back in the building until July 31, 2017.

Thank you in advance for your patience and cooperation as the Corporation moves to this new online payment system. The Corporation's goal is to have something more cost effective for our Clinton Central families.
